Features & Benefits

● **One-Touch Operation**

Raise or lower your screens with a simple remote control or wall switch.

● **Wind & Sun Sensors**

Optional sensors automatically retract screens in high winds for protection.

● **Custom Sizes**

Built to fit openings up to 25' wide - perfect for large patios and garages.

● **Invisible When Retracted**

Screens roll up into a sleek housing, preserving your view when not in use.

● **Bug & UV Protection**

Keep insects out while blocking harmful UV rays - enjoy the outdoors comfortably.

● **Durable Construction**

Heavy-duty aluminum frames and premium mesh built to last for years.

Why You'll Love It

- ✓ Create bug-free outdoor living spaces instantly
- ✓ Block up to 90% of harmful UV rays
- ✓ Reduce cooling costs by shading outdoor areas
- ✓ Increase usable space in garages and patios
- ✓ Add privacy without sacrificing airflow
